Notes to Editors:**About R&Q**

R&Q is a non-life global specialty insurance company operating two core, highly complementary, businesses: Program Management and Legacy Insurance. Both these businesses are leaders in markets with high barriers to entry and significant secular growth opportunities.

Legacy Insurance generates profits and capital extractions from expert management of legacy non-life insurance portfolios. Program Management generates commission income from its licensed (and rated) carriers in the US, EU and the UK, writing niche and profitable program business, largely on behalf of highly rated reinsurers.

For the financial year ended 31 December 2019 R&Q reported pre-tax profits of over £40 million.
